Saturday, 8 March

In view of the limited capacity of the Vicarage Road Ground (26,000) the above match will be an ALL TICKET fixture.

Our allocation of 6,500 tickets will be totally insufficient to meet the requirements of our Season-Ticket Holders and members of our Travel Club and we are extremely sorry that we cannot accept applications from other members of the public.

Prices of admission will be:

SEATS: £3.30

£2.80

£2.20

STANDING: £1.50

Method of application

SEASON-TICKET HOLDERS

Season-Ticket Holders should make application in writing enclosing a stamped and addressed envelope, remittance, preferably a blank cheque, quoting their block, row and seat number. All applications must be in our offices no later than Thursday, 28 February, when a ballot will be held to determine the successful applicants. Cheques should be suitably endorsed.

No guarantee of an allocation can be made.

TRAVEL CLUB MEMBERS

Unfortunately it will not be possible for us to allocate a ticket to every member of the

Travel Club as much as we would wish to do so. Those Travel Club members who travelled with us to Bolton will be given priority which we feel is the fairest method for us to adopt.

In view of the undoubted inconvenience that occurred on the Bolton rail trip and for which British Rail have already apologised, British Rail have made a refund which we shall pass on in the form of a Watford ground ticket. This ticket will be available for collection from our Travel office upon presentation of membership card at the following times:

Monday, 25 February until Friday,
29 February, 9.30 a.m. until 7.00 p.m.

For those who travelled on one of the official Travel Club coach trips to Bolton, a Watford ground ticket will be available during the above hours upon payment and production of membership card.

THANK YOU, BOLTON

All of us at Highbury would like to thank the Bolton Club for their tremendous assistance to our supporters last Saturday who were late in arriving because of a derailment. To the supporters who had a tedious journey back due to the rail crash — many got home in the early hours of the morning — we thank you for your support. It means a great deal.

Just as we did against Leeds and Brighton earlier in the season, we play Bolton today for the third time in a very short space, and again you wonder how results can be so different. We drew twice at Leeds — 1-1, and then beat them

WE'VE NEVER WON THE F.A. CUP

without a replay sometime

Hardly any of our supporters will not know one piece of history – that Arsenal won the F.A. Cup in 1930, 1936, 1950, 1971 and 1979. They probably will not know that never once have we carried off the trophy without a replay somewhere along the line. More than that, of the five occasions that we have been to Wembley and lost, only twice did we get there without a replay – in 1932 and 1978. So that our path to Wembley eight times out of ten has been lengthened in terms of number of games. The season 1978–79 is close enough in everybody's mind to remember very easily the record F.A. Cup year for Arsenal in number of games played – no less than 11 to win the Cup, or the Club this century which holds the record number of matches needed to settle one Cup-tie against Arsenal – Sheffield Wednesday. They say you have got to have luck to win the Cup. You have – but you've also got to be a good team. Alright, it took us five games to beat Sheffield Wednesday, but how many other teams last season could have gone to Nottingham Forest and won. Southampton at The Dell was a hard one, too, but we brought the Saints back to Highbury and beat them here.

No one ever has, or ever will, be able to define the magic that seems to be with teams in the Cup, whose League position, on form, would make them automatic losers. You could have given Watford little chance at Molineux last Saturday with Wolves on the crest of a wave having won the League Cup Semi-Final only a few days before. Obviously, Wolves supporters will say that they played a lot of the game with only ten men. So did we, once, following a sending off after only five minutes of the game had been played, and our ten held Coventry and deserved to beat them. A man short often does something to a team, and our team in the last few seasons has shown its character and ability to make a fight of any situation. Few, who saw the game, will forget the pressure we had to soak up at Forest in the Cup last season.

It is interesting, looking back through the 11 years we got to Wembley, to see the teams who took us to replays. In 1927 it was Port Vale. Birmingham and Hull City in 1930; Newcastle

in 1936; Chelsea in 1950; Chelsea in 1952; Portsmouth, Leicester City and Stoke in 1971. Derby County and Stoke in 1972. Sheffield Wednesday and Southampton in 1979, so it certainly wasn't usually the teams around the top of the First Division, or even in the First Division. That is why any Manager will tell you that if you draw away from Home in the Cup it is a good result – it doesn't matter who you played; many top clubs have met their Waterloo at places like Yeovil, Peterborough, yes, even Harlow.

Nobody can explain why, especially, as frequently after a good Cup run, a team goes back to its League struggle and does very little for the rest of the season. That could happen with several clubs this time. That is why the F.A. Cup is the greatest cup competition in the world – bar none. We know. We have had quite a lot of experience! We've known the highest pinnacle. We've known bitter disappointments – just what the Club feels like the morning after going out of the Cup. It's as if the bottom has been knocked out of your world, but the next day the Coach has to lift the team up again to get on with the day to day business of the League – the bread and butter of football and still the greatest competition to win, reflecting a consistency throughout 42 matches, in all weather and conditions.

Your Letters . . .

I wish to point out that there have been very few references in this season's programmes, even then only a few lines long, to the success obtained by AFC Reserve team.

They have, up to 22.1.80 lost only five games all season (three defeats were in their first four games) and must stand a good chance of bringing the Football Combination title to Highbury for the first time since the season 1969-70.

After all, we are often hearing how important it is for Arsenal to maintain a squad of first-team players and not to just rely on the bare 12.

Yours faithfully,

R. Trievnor.

83 Casino Avenue,
London SE24 9JP.

We are very much aware, Mr Trievnor, of the fine showing of our Reserve Team. We produced a two-page colour group in the programme on 3 November, 'A day with our Combination Team' on 26 January, and a colour picture of Paul Vaessen on 21 December, and will be producing colour pages of some of the other players before the season is out such as Brian McDermott, the leading goalscorer, Bobby Johnson, Dermot Drummy and Jim Harvey. The appearances and goalscorers on page 14 tell you who the leading players are and the goalscorers, with Brian McDermott way ahead.

7-0 down here. We drew 0-0 at Brighton, and yet four other results against them this season have been 4-0, 4-0, 3-0 and 2-0. This must be something of a record for two First Division teams to meet five times in the same season and for one of them to fail to score a goal in all five games – surely a tribute to a defence that can go five games without making a mistake, at least the sort of mistake that costs goals.

The number of games played by successful teams these days is now a major factor. Up to last Tuesday we had played 27 League games, seven Football League Cup, four European Cup Winners' Cup and five F.A. Cup, a total of 43, and still a very long way to go. Up to last Tuesday, only three of our players had played in all 43 – Graham Rix, Frank Stapleton and Brian Talbot. Considering the total involvement of all three of them in every game in which they play, they have done remarkably well to escape an injury which keeps them out – but that doesn't mean that they haven't played nursing a knock or two. They have. But then no player likes missing a game particularly when the side is doing well.

We need hardly remind our supporters that our next game here is the big one. Gothenburg – in the European Cup Winners' Cup. We stress that it is Wednesday, 5 March – and not Tuesday, our normal day for evening matches. The kick-off is as usual – 7.30. This first-leg game in the Quarter-Finals could open up the way for another major competition success. The players are depending on your support!

Arsenal's

top marksmen

No 25 Liam Brady

There is very little that Arsenal supporters need to know about Liam Brady – his skills have delighted Highbury crowds for some six seasons now, not least the way he leaves his opponents standing after a weaving run, and goalkeepers with very little chance when he takes penalty kicks. Dublin born, and now an Eire International approaching 30 Caps, Liam came to Arsenal as an apprentice and has come through the Arsenal ranks to reach world fame which sadly seems now to be taking him from Highbury after well over 250 appearances. But at the moment he is only concerned with winning another honour for Arsenal in 1979–80. Some of his 54 goals have been sheer magic from a player of immense class.
